

29th April 2020

Dear Student(s)/Parent(s)/Carer(s)

RE: 'ASK THE EXPERT'

We are pleased to publish a new initiative called 'Ask the Expert'.

All teaching staff have decided to allocate a 1 hour time slot in the week where they will dedicate their time solely to answering questions that you have about work that has been set on mrrscience.com or via email.

What we endeavour to do is to provide you with a response to questions that you have about work that has been set within the hour time slot that has been stated.

I know that many of the staff have been constantly corresponding with you to offer help anyway, but I am trying to provide you with a time in which you would be able to guarantee a quick response to answer that difficulty question/or to help you understand that challenging concept.

I really hope that this initiative helps both students and parent(s)/carer(s), I have also included on the form all e-mail addresses for teaching staff.

In order to ensure that this initiative is used solely for the purpose to help learning, I urge everyone to use it for that purpose.

Separately, we also have our pastoral email address available for you to contact which is SAPastoral.sa.sat.coop, these are monitored on a daily basis.

Please feel free to start using the 'Ask the Expert' scheme from today.

Stay safe.

Yours faithfully

Mr J Arnold
Headteacher – Shrewsbury Academy
