

Dear Families

We have had some really positive changes in school, resulting in improved pupil behaviour and better engagement in learning. I am delighted with the positive shift and the calm atmosphere around school. Well done to staff and students for the change.

Earlier this week, I went over and viewed the Haughmond, (the old infant school). We gain this building in just a few weeks time. The new facilities our students are gaining will impact very positively on their learning experiences. I also visited the new extension, and for the first time, stood looking out of what will be the Learning Resource Centre's windows towards the Church of the Holy Spirit on Meadow Farm Drive.

The extension will be ready around Easter time and will offer a stunning array of Technology rooms as well as Maths and Science labs. I am so excited for the improved facilities which our students will benefit from. It will give the students some superb state of the art facilities and improve our learning environment immeasurably.
